## The enginuity Careers Resource Catalogue is now on-line...

Are you looking for printed resources about careers in science, technology, engineering and mathematics (STEM) for your school or college?

To help make choosing the various careers information materials an easier task, enginuity produces the UK's most comprehensive on-line catalogue of STEM related careers resources.

To view the on-line catalogue, go to [www.enginuity.org.uk/resources/online\\_careers\\_catalogue.cfm](http://www.enginuity.org.uk/resources/online_careers_catalogue.cfm)

- The catalogue includes details of a range of careers resources available to advisers and teachers in primary and secondary schools, as well as colleges and universities
- The catalogue also has links to on-line careers information resources
- You will find details of organisations (including contact information) as well as illustrations and descriptions of the materials they produce
- The on-line search function allows you to select relevant resources and subsequently contact providers for copies to be sent directly to you
- Most of the resources in the on-line careers catalogue are provided free of charge

If you have queries about the catalogue or would like your resources to be included please contact us at [www.enginuity.org.uk/contact\\_us.cfm](http://www.enginuity.org.uk/contact_us.cfm)

### Other resources also available on-line

All of the information contained in the enginuity careers resource pack can also be viewed on-line at [www.enginuity.org.uk](http://www.enginuity.org.uk)

The individual resources in the pack can be printed from [www.enginuity.org.uk/resources.cfm](http://www.enginuity.org.uk/resources.cfm)

The lesson plans and activities referred to on the posters can also be printed from [www.enginuity.org.uk/resources.cfm](http://www.enginuity.org.uk/resources.cfm)

To order copies of the *enginuity* pack please visit our website (follow the link to 'contact us') and fill out an email form stating your name, address and number of copies you would like to receive. The email form can be found at [www.enginuity.org.uk/contact\\_us.cfm](http://www.enginuity.org.uk/contact_us.cfm)

Finally, we want your feedback! It would really help us to have your more specific comments about the resources included in this pack. The feedback form takes just a few minutes to complete and can be found at [www.enginuity.org.uk/feedback](http://www.enginuity.org.uk/feedback)
